

SAFETY LEADERSHIP

DeepSafe Leadership ...
A New Approach To Safety

LINCOLN ELDRIDGE
SVP - SAFEMAP
AUSTRALASIA

JOSEPH HOTAİ
HIGH RISK ENVIRONMENT
SPECIALIST - EPISAFE

3 Day DeepSafe Leader Course:
Perth, 17 - 19 November 2015

Often corporations see their people as the weakest link in the safety chain...

Paralysing their people with processes that take away the unique characteristic that make us all human...

SAFEmap offers a powerful and unique training program in safety leadership. We call this DeepSafe. A leadership course with safety as the focus.

Leadership is about breaking new ground, moving boundaries and taking risk. Safety, on the other hand, is about following the tried and trusted pathways, eliminating risks...

In this program we have developed a concept that enables safety and leadership to be aligned... we call this DeepSafe and DeepSafe Leadership.

Imagine a leadership team that could win the 'hearts and minds' of their colleagues... of true pioneers that lead their organisation into danger and through danger... doing it safe... and doing it right.

DeepSafe and DeepSafe Leadership has been transforming leaders around the world, at leading organisations such as Boeing, BHPBilliton, Southern Co, Edison, Umicore, Goldcorp and many more – over 10 000 leaders attended.

Leadership has just taken the next step...

ABOUT THE COURSE FACILITATORS

JOSEPH HOTAI

Joe is an accomplished high risk environment safety specialist who provides a dynamic and objective approach towards safety and leadership in the workplace.

He assists individuals and organisations in the development and implementation of sustainable leadership practices, improving workforce engagement and acceleration of safety performance through cultural development.

Joe offers unique knowledge, skills and experience gained at the coal-face of the Australian Special Air Service Regiment (SAS), private & corporate sectors, mining, health & fitness and not-for-profit industries.

LINCOLN ELDRIDGE

Lincoln is an accomplished safety specialist offering an outstanding performance record, driving transformation of organisational safety cultures within the resources and energy sectors.

A consummate facilitator known for his capacity to engage at all levels to produce organisational wide commitment, transforming safety leadership in your business. Lincoln is able to partner with staff from the boardroom to the shop floor.
